## What's been happening

Over the past couple of weeks, the students have been busy creating special Father's Day gifts in our rotations. They've put so much care into them and can't wait to surprise their dads this weekend! We also recognise that Father's Day can look different for each family, and we hope these gifts are a chance to celebrate the special people in their lives who love and care for them.

This week during parade, I had the joy of presenting Good Friend Awards to two students who have shown kindness and care in their friendships. It's wonderful to celebrate students who encourage and include others, setting a great example for us all.
